

World Vision Field Experience Case Study #2

Sam Diarra-Greg Allgood

Gallgood@worldvision.org

World Water Week 2017

Testimonies in Mali

“We are aware of issues associated with open defecation and lack of hand cleaning, both our staff and patients. But we have no functional toilet, and struggle for water access”

Heath Care Leader Kolokani District

“As for water, we bring it from home to the heath center. In the night, we can’t go at home for it because of distance ”

Birth Attendant, Massantola (Kolokani District)

“We are ready to work with Partners and Government to improve WASH in HCFs”

Elected Mayor, Bondo (Koro)

WASH in HCFs Case Study #2

**Provide Full Coverage in 2 Districts in Mali
(40 HCFs in Koro and Kolokani)**
