

# 6 CRITICAL COMPONENTS FOR SDG 6.3: DOES YOUR COUNTRY COUNT?

Stockholm World Water Week, 31<sup>st</sup> August 2017

# SIX CRITICAL COMPONENTS FOR SDG 6.3: DOES YOUR COUNTRY COUNT?

**EUNHAE JEONG**

United Nations Office for Sustainable Development  
Incheon, Republic of Korea

*Stockholm World Water Week, 31 August 2017*

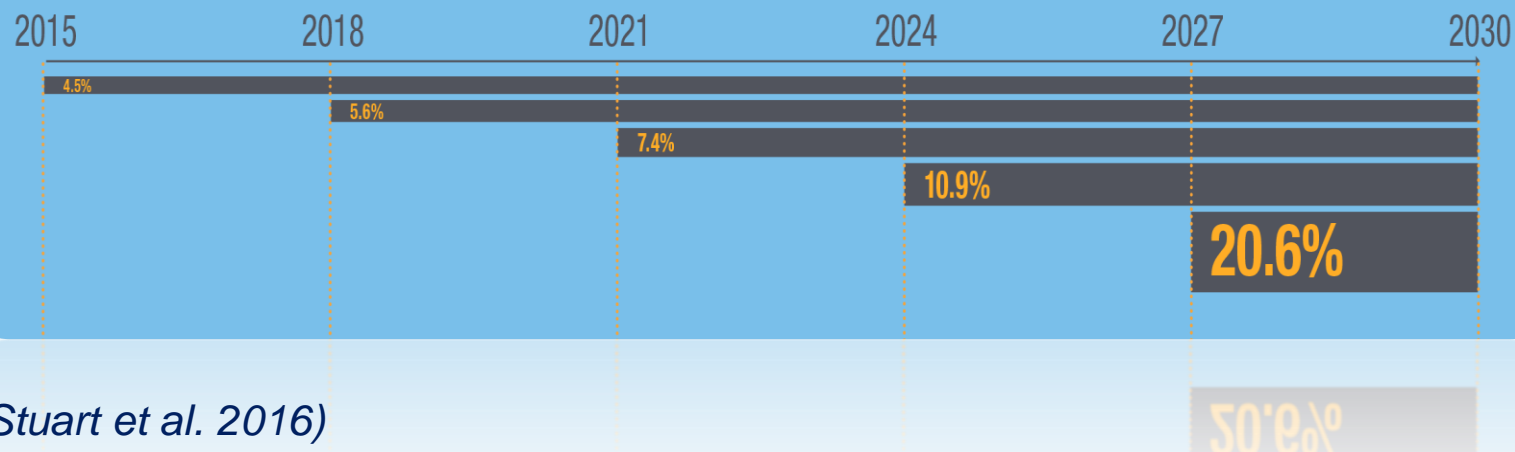

# WHY DO NATIONAL PROCESSES NEED MORE SUPPORT?

- Every 3 years of inaction will mean the amount of effort needed to succeed will increase exponentially

## Leaving no one behind in sub-Saharan Africa

The longer we wait, the harder it gets

Annual change needed to **halve national poverty** by 2030 if governments start in:

# Key Messages

- Effective Policy framework and multi-sectoral Decision Making are necessary to achieve SDG 6 Water and Sanitation.
- **Six components** (Capacity, Policy and Institutional, Integrity, Finance, Gender, Risk reduction and Resilience) are critical to sustainable water development.
- Introduction of the **SDGs Policy Support System** and Launch
- **Country cases** : What are the critical components in Korea, Tunisia and Pakistan
