

“Don’t neglect the maintainers: Don’t waste investments for WASH in Schools”

Tables of Key Challenges

Table 1:

Government / Organisational Structures

How to institutionalize (preventive) maintenance?

Table 2:

Awareness and Behaviour Change

How do we create positive hygiene behavior change (ideas & experiences)?

Table 3:

Technical Design

Which designs keep soap in schools and ensure long-term functionality of school WASH facilities?

“Don’t neglect the maintainers: Don’t waste investments for WASH in Schools”
