1. REGIONAL LEVEL

Identify and align with existing mechanisms and Processes:

Regional sub-regional, national, local level

for human rights monitoring and SDG monitoring processes

- Baselines/Mapping - what exists, regional policies, mandates, reporting mechanisms and processes**
- Harmonize regional/Member States reporting processes for coherence

e.g. Africa Agenda, Africa Vision

AUC + AMCOW = WASSMO intercontinental monitoring and reporting mechanism

2. NATIONAL LEVEL

Development and/or adjustments to Human Rights National Plans of Action

- ❑ Country mapping – what is the status of implementation and monitoring of HRWS?
- ❑ Human Rights sensitive Indicators (structural, process and Outcome)
- ❑ Legislative measures - targeted policy actions
- ❑ HRWS Norms and principles in national minimum standards
- ❑ Enhancing Regulatory frameworks respecting HR norms and principles
- ❑ What are the data sources for the Human rights indicators and how can we ensure the progressive realization?

3. PROGRAMMATIC LEVEL

Monitoring HRWS progressive realization through development practice

- ❑ Align financing of water and sanitation programmes with HRWS:
 - ❑ Review policies and strategies.
 - ❑ Articulate HR-sensitive indicators
 - ❑ Align planning and targeting; monitoring and reporting; data disaggregation with HRWS norms/principles
- ❑ Contractual arrangements reinforcing respect for HRWS : social, economic and environmental impacts esp. with private sector partnerships

REINFORCING ROLES OF STATE/NON-STATE ACTORS

in advancing Human Rights to Water and Sanitation

Regional

- UN coordination and water/sanitation monitoring mechanisms
- Sub-regional and State HR Reporting mechanisms
- Conventions, declarations, mandates; commitments of inter-parliamentary bodies; sub-regional and basin-level institutions

National

- Parliaments & local parliamentarians and local governments

Human Rights

- Ambassadors and development partners
- Regional and national HR institutions
- CSOs and HR defenders
- NGOs with ECOSOC Status
