

Governance of Water and Waste

A Key to Sustainable Development

Thursday 31 August
Room: FH 202

Session 1

Revitalizing Water
Governance
Concepts Towards
2030

9:00 – 10:30

Session 2

Urban Water. Reuse
and Wastewater:
Governance a
building block to
better practices

11:00 – 12:30

Session 3

Integrity and water
pollution: the
missing link?

14:00 – 15:30

Revitalizing Water Governance Concepts Towards 2030

Keynote Address

Benedito Braga

Secretary of State for Sanitation and Water
Resources for the State of Sao Paulo and
President of World Water Council

Session 1

Revitalizing Water Governance Concepts Towards 2030

Panel Discussion

Session 2

Urban Water, Reuse and Wastewater: Governance a building block to better practices

Keynote Address

Jaime Melo Baptista

Coordinator, Lisbon International Centre for
Water (LIS-Water)

Urban Water, Reuse and Wastewater: Governance a building block to better practices

Round Table Discussions

- **Question 1** – We are seeing utilities in some countries/regions taking a leadership role in urban water governance to support wastewater management and reuse to achieve the delivery of regenerative services. Do you believe this should be and can be replicated globally? Give your 3 key reasons.
- **Question 2** – Based on your position/answer to Question 1, what is the role you see water utilities playing in urban water governance and regulation? State your 3 key roles and briefly explain how and what is required for utilities to take up these roles.

Session 3

Integrity and water pollution: the missing link?

Keynote Address

Frank Van der Valk

Water Integrity Network

Session 3

Integrity and water pollution: the missing link?

Panel Discussion
