

STOP REINVENTING THE [WATER] WHEEL!

A TECHNOLOGICAL COLLABORATION FOR SCALE

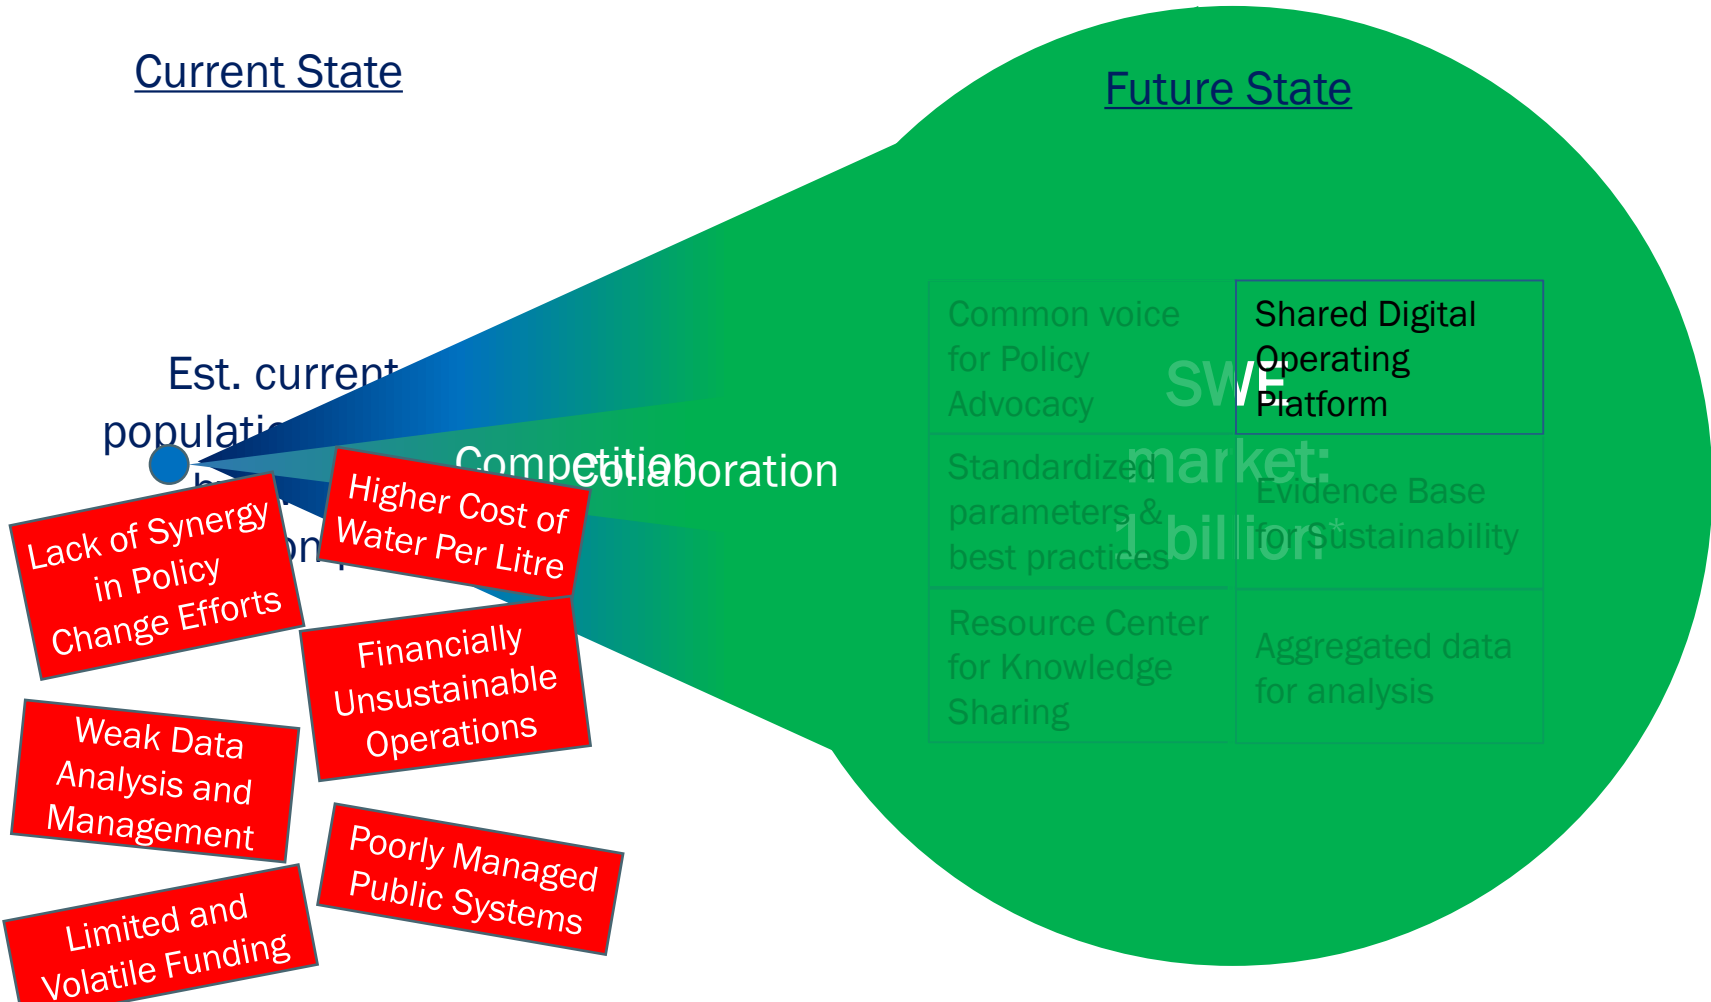

WHY A COLLABORATION?

Competition hinders us from making a dent in the need. We require collaboration to share ideas, experiences, and best practices.

Current State

Future State

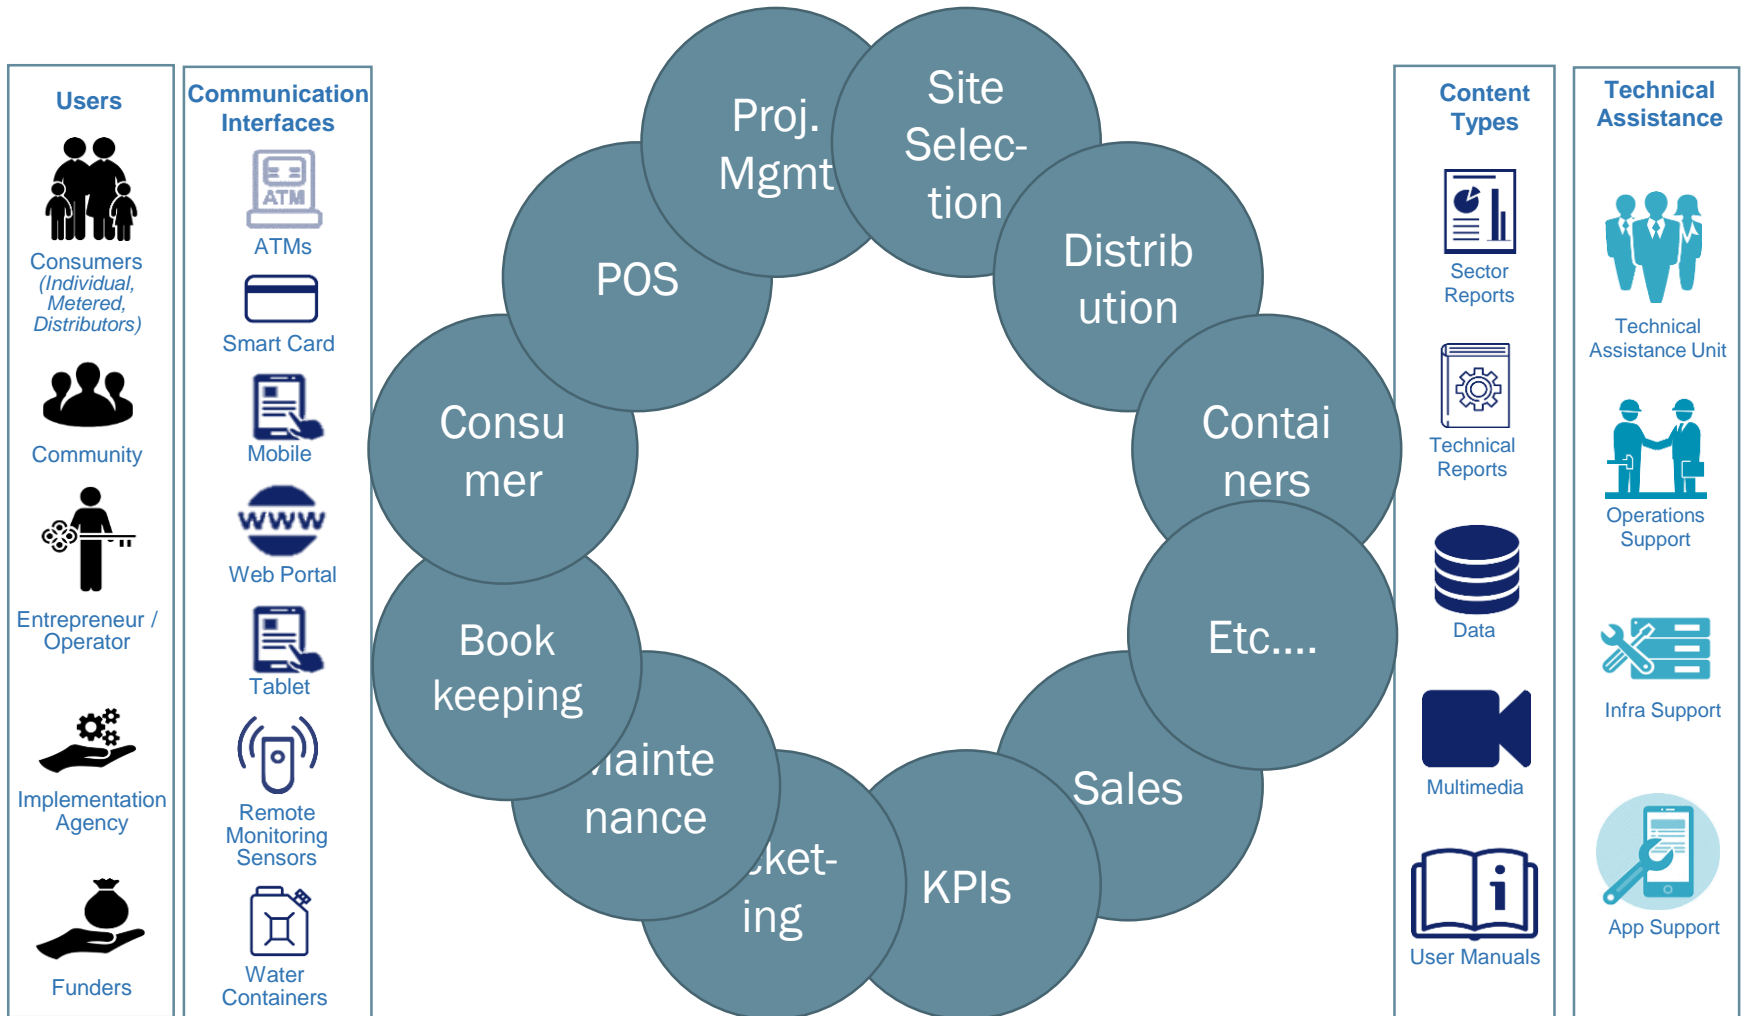

* Dalberg Global Advisors. 2017. The Untapped Potential of Decentralized Solutions to Provide Safe, Sustainable Drinking Water at Large Scale

WHAT IS THE "PLATFORM"?

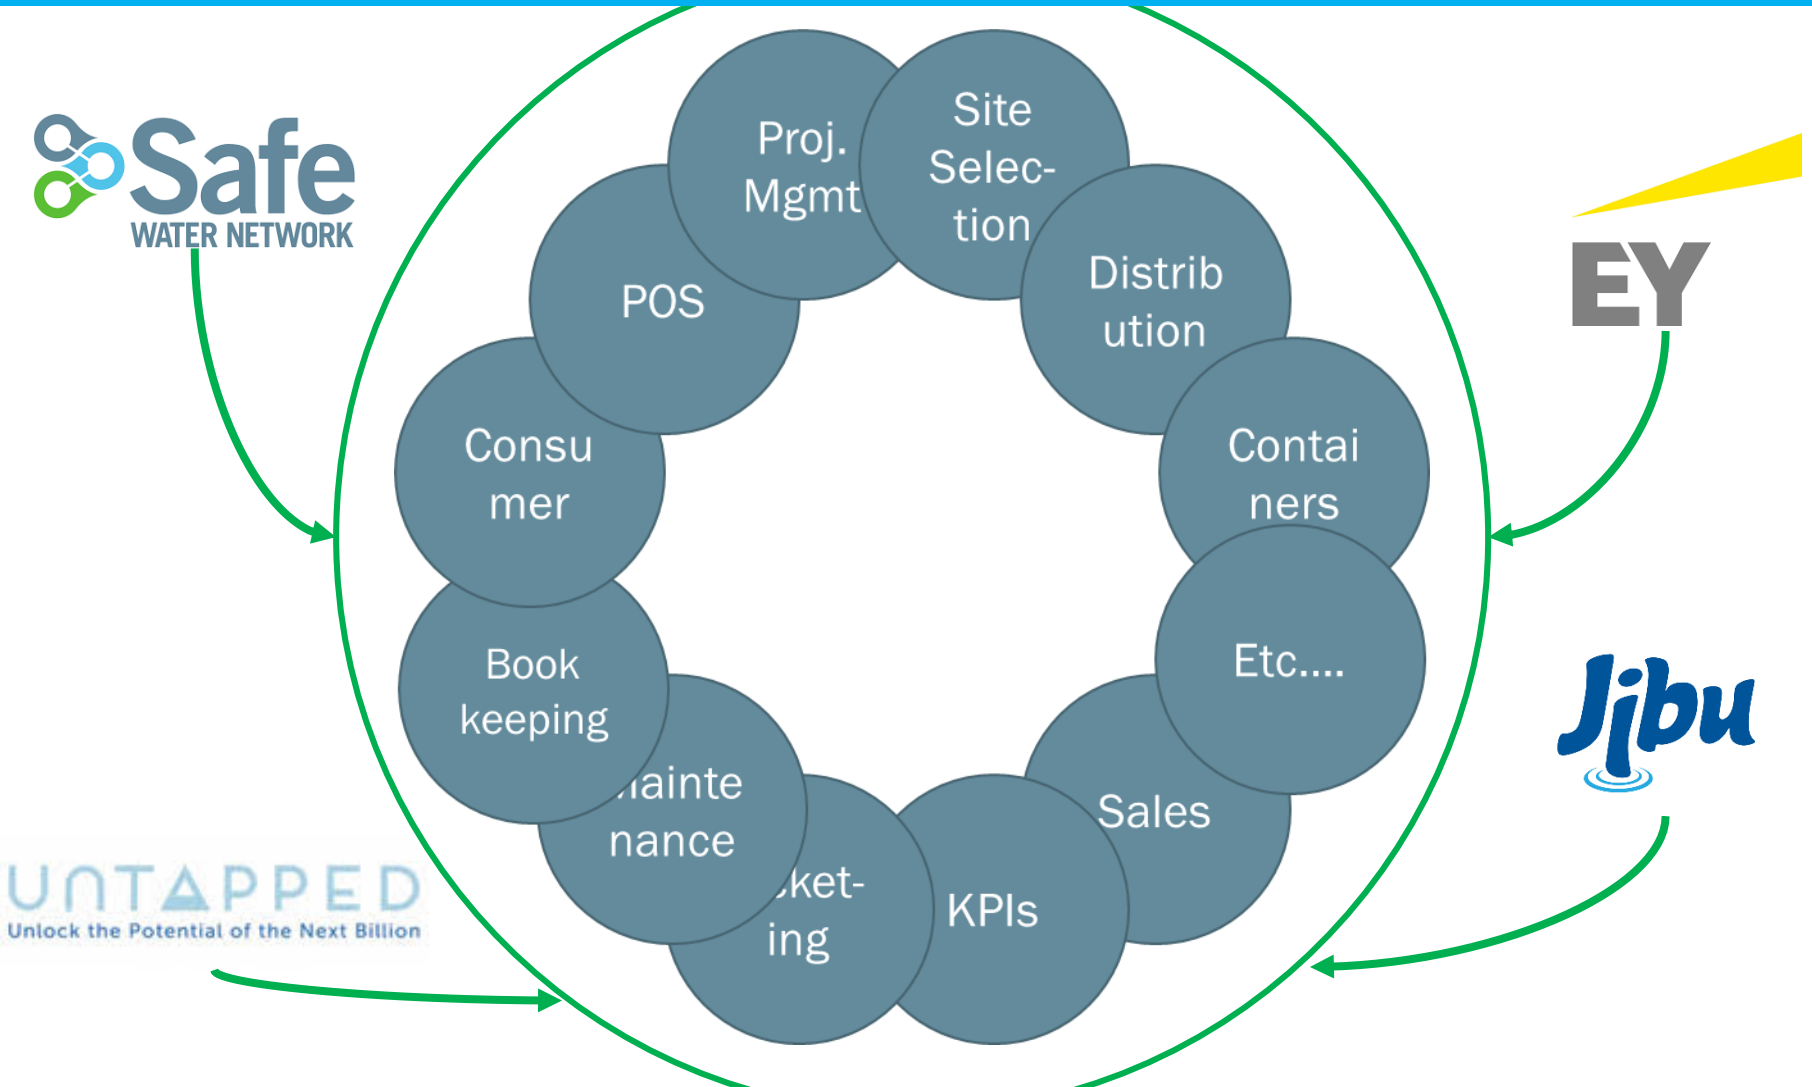

A comprehensive digital operating platform that would facilitate implementation of SWEs and establish a common structure.

Water Enterprise Operating Platform

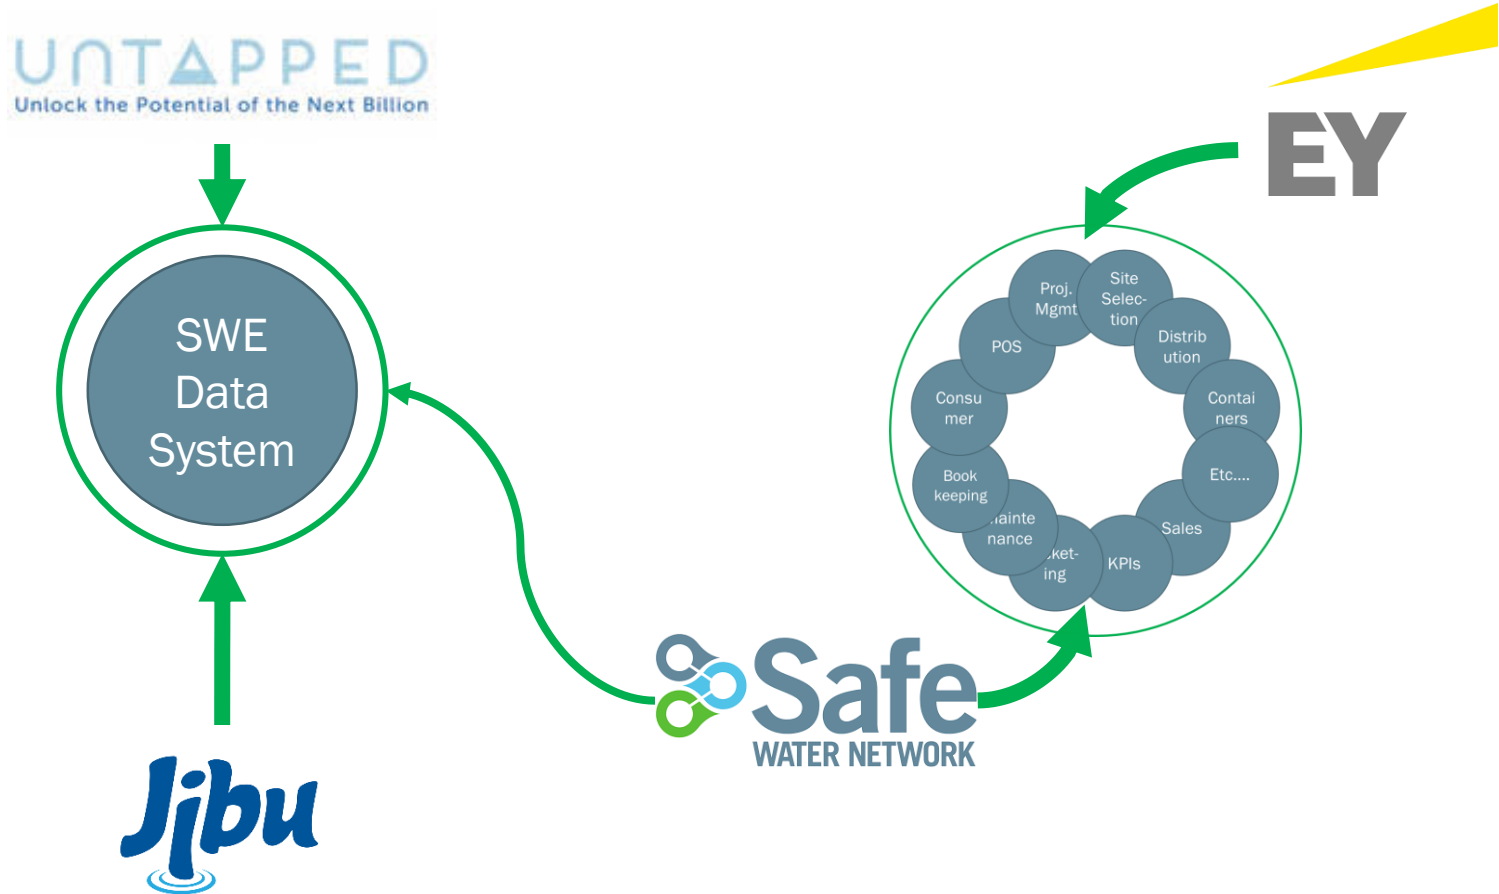

THE COLLABORATION

Four disparate organizations came together to tackle components of the platform, each bringing their specialized skills and expertise..

CURRENT STATUS

Untapped and Jibu tackled a component of the platform while EY and Safe Water Network focused on the overall design and market.

Funders

CHALLENGES

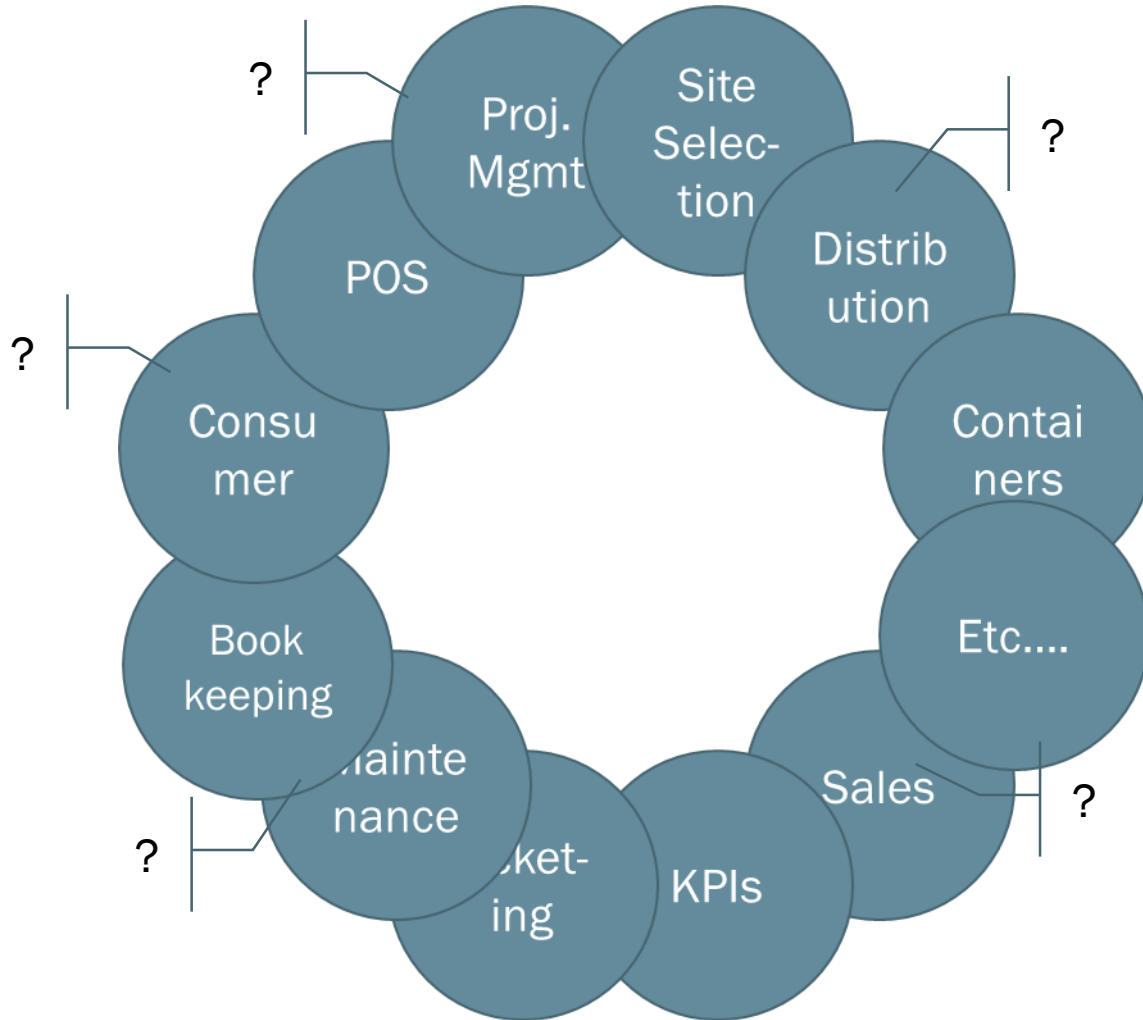

We faced significant challenges in bringing consistency and understanding among very different systems, approaches, and organizations

All cars
All different

WHERE WE GO FROM HERE?

We're identifying and pursuing further opportunities for collaboration among the partners and identifying new collaborators.

STOP REINVENTING THE [WATER] WHEEL!

A TECHNOLOGICAL COLLABORATION FOR SCALE
