

Accountability in Supply Side

Wycliffe Mwanzi
Take-a-Stake Fund

Supply Side Accountability

Tenets of Accountability

- Highest quality of service
- Adherence to rules & regulations
- Ethical Practises- no corruption, no child labor no exploitation
- Fair Pricing- not necessarily low
- Integrity- Transparency & Honesty
- Professionalism
- Responsibility and sensitivity to the environment

Promotion of Supplier Accountability

- Selection of 'good' entrepreneurs is key (selection criteria). Contracting.
- Standardization of designs and prices
- Training and handholding- Entrepreneurs and Artisans
- Innovations for cost reduction and quality improvement
- Registration of suppliers with professional associations
- Institutionalizing the supply-side
- Working with polytechnics and universities to adopt designs in curriculum
- SMT tools to measure performance

CLEAN HANDS HAPPY HANDS
