- Nov. 2017
- Prep. time 2 years
- 356 Mio. EUR p.a.

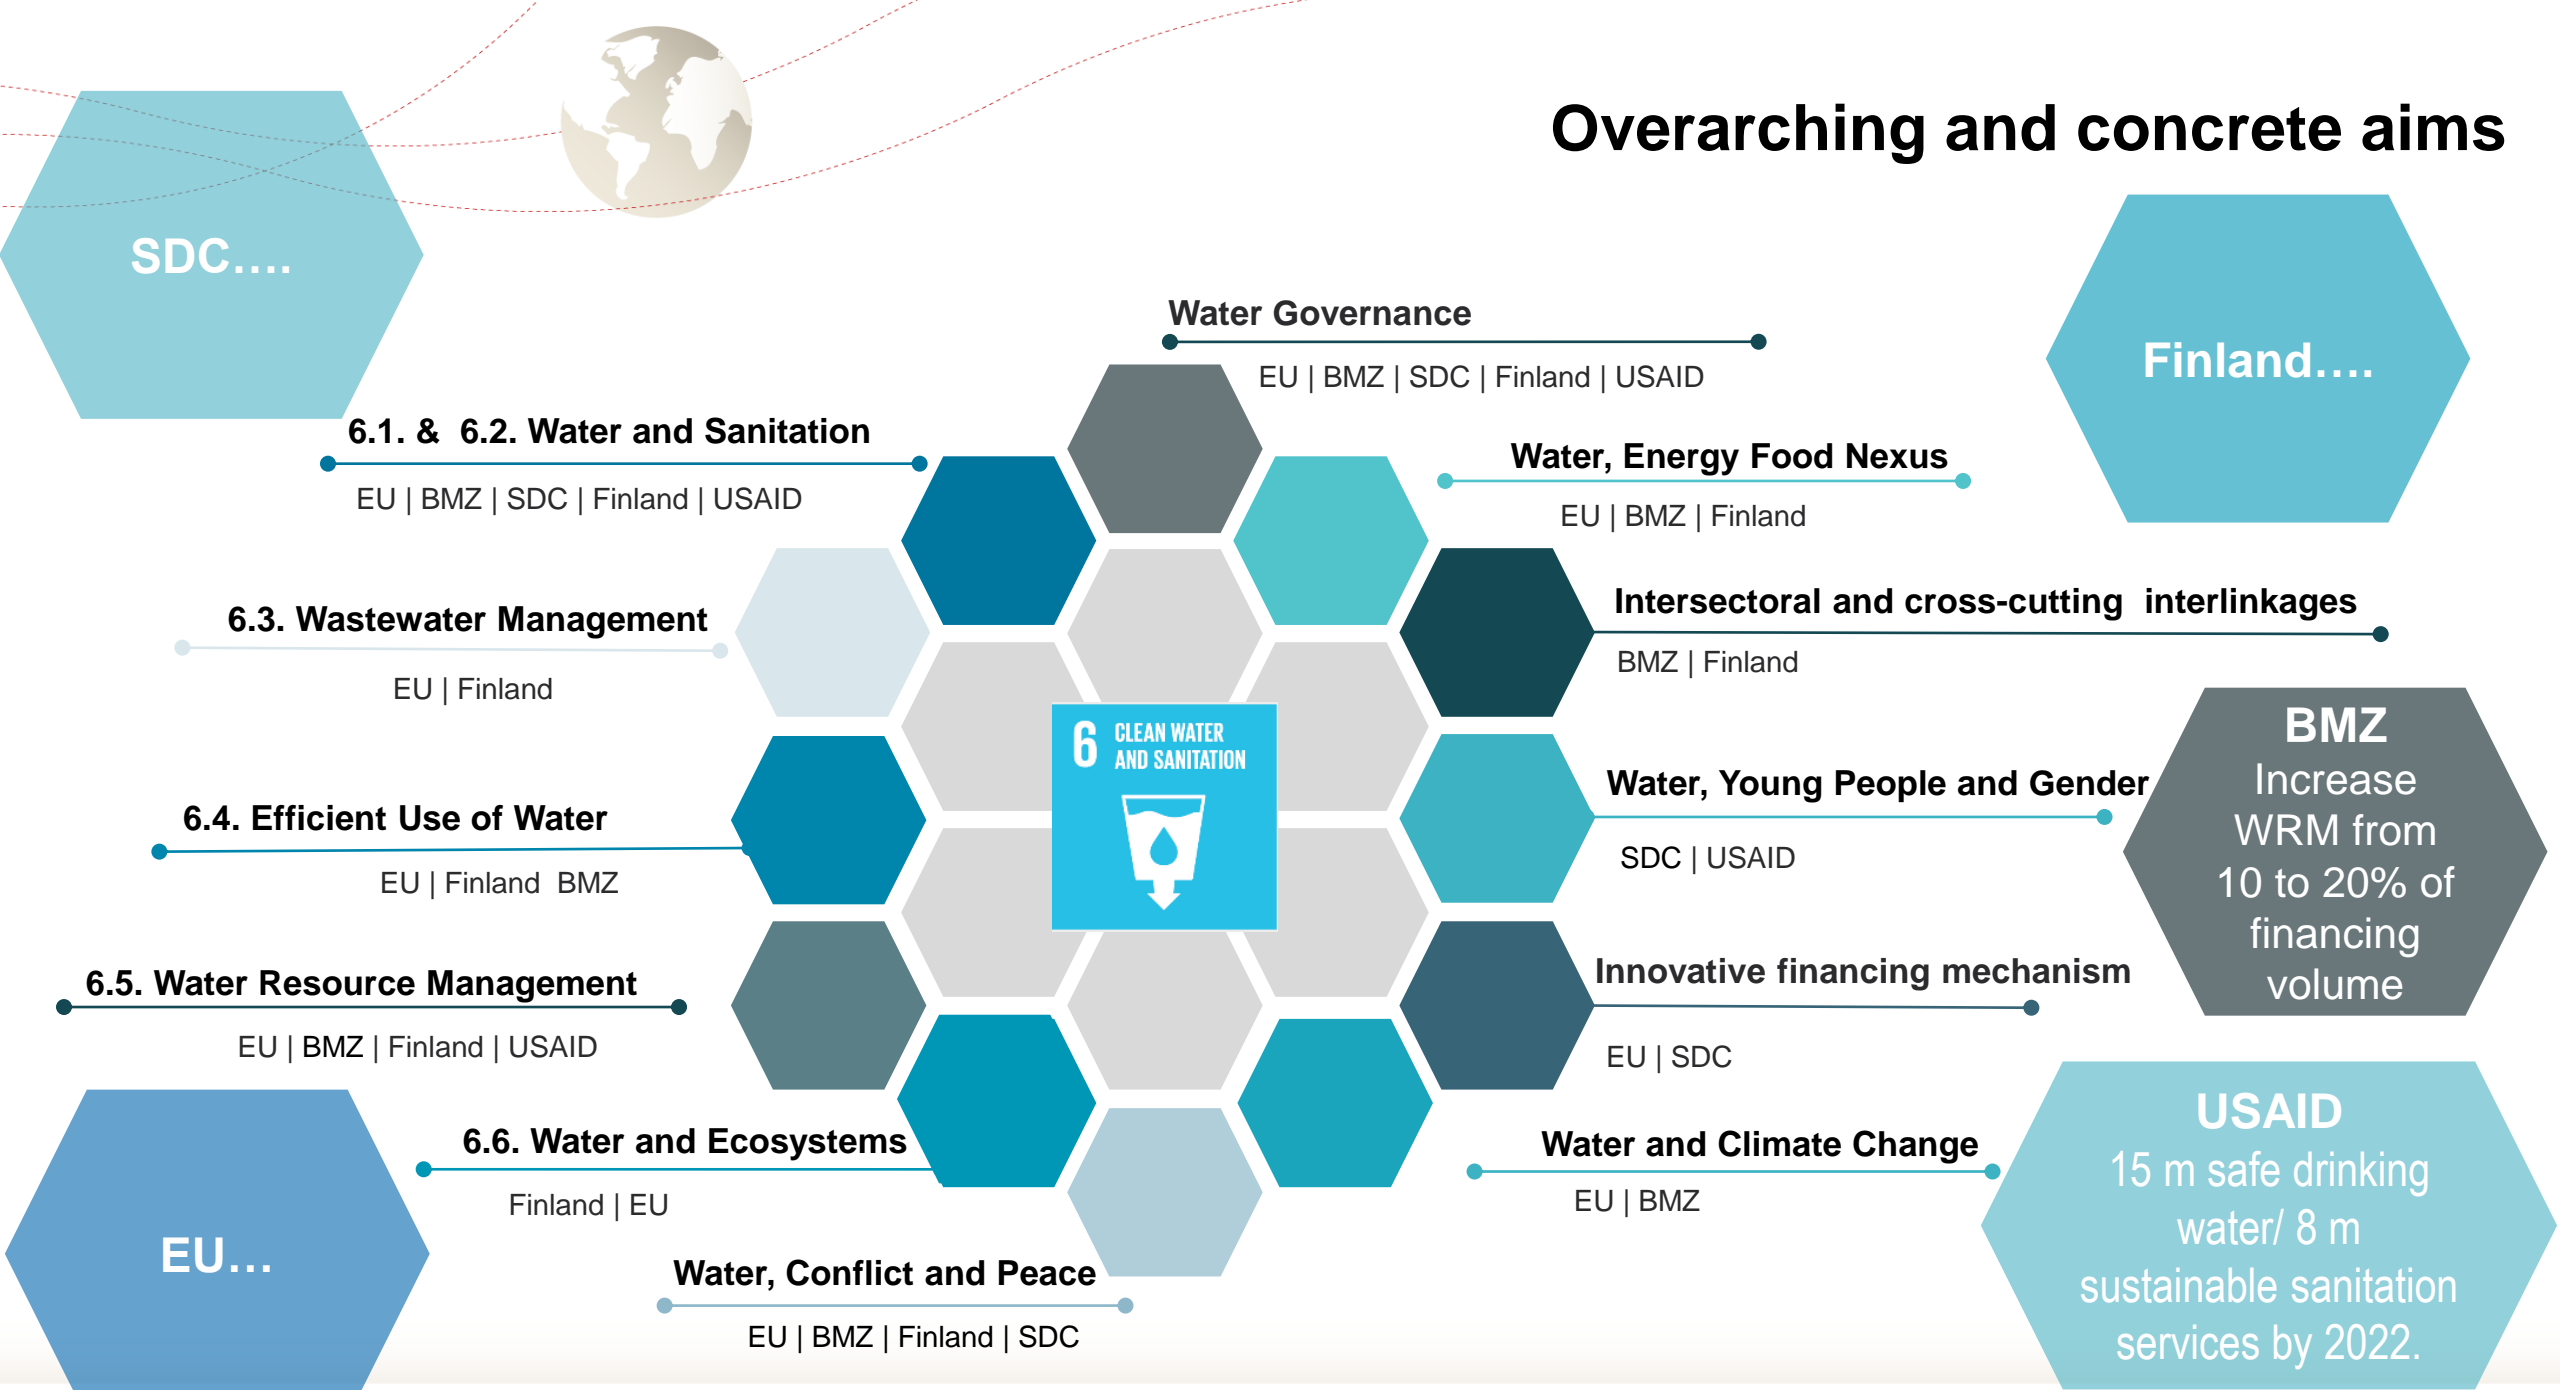

Regional priority areas

Global

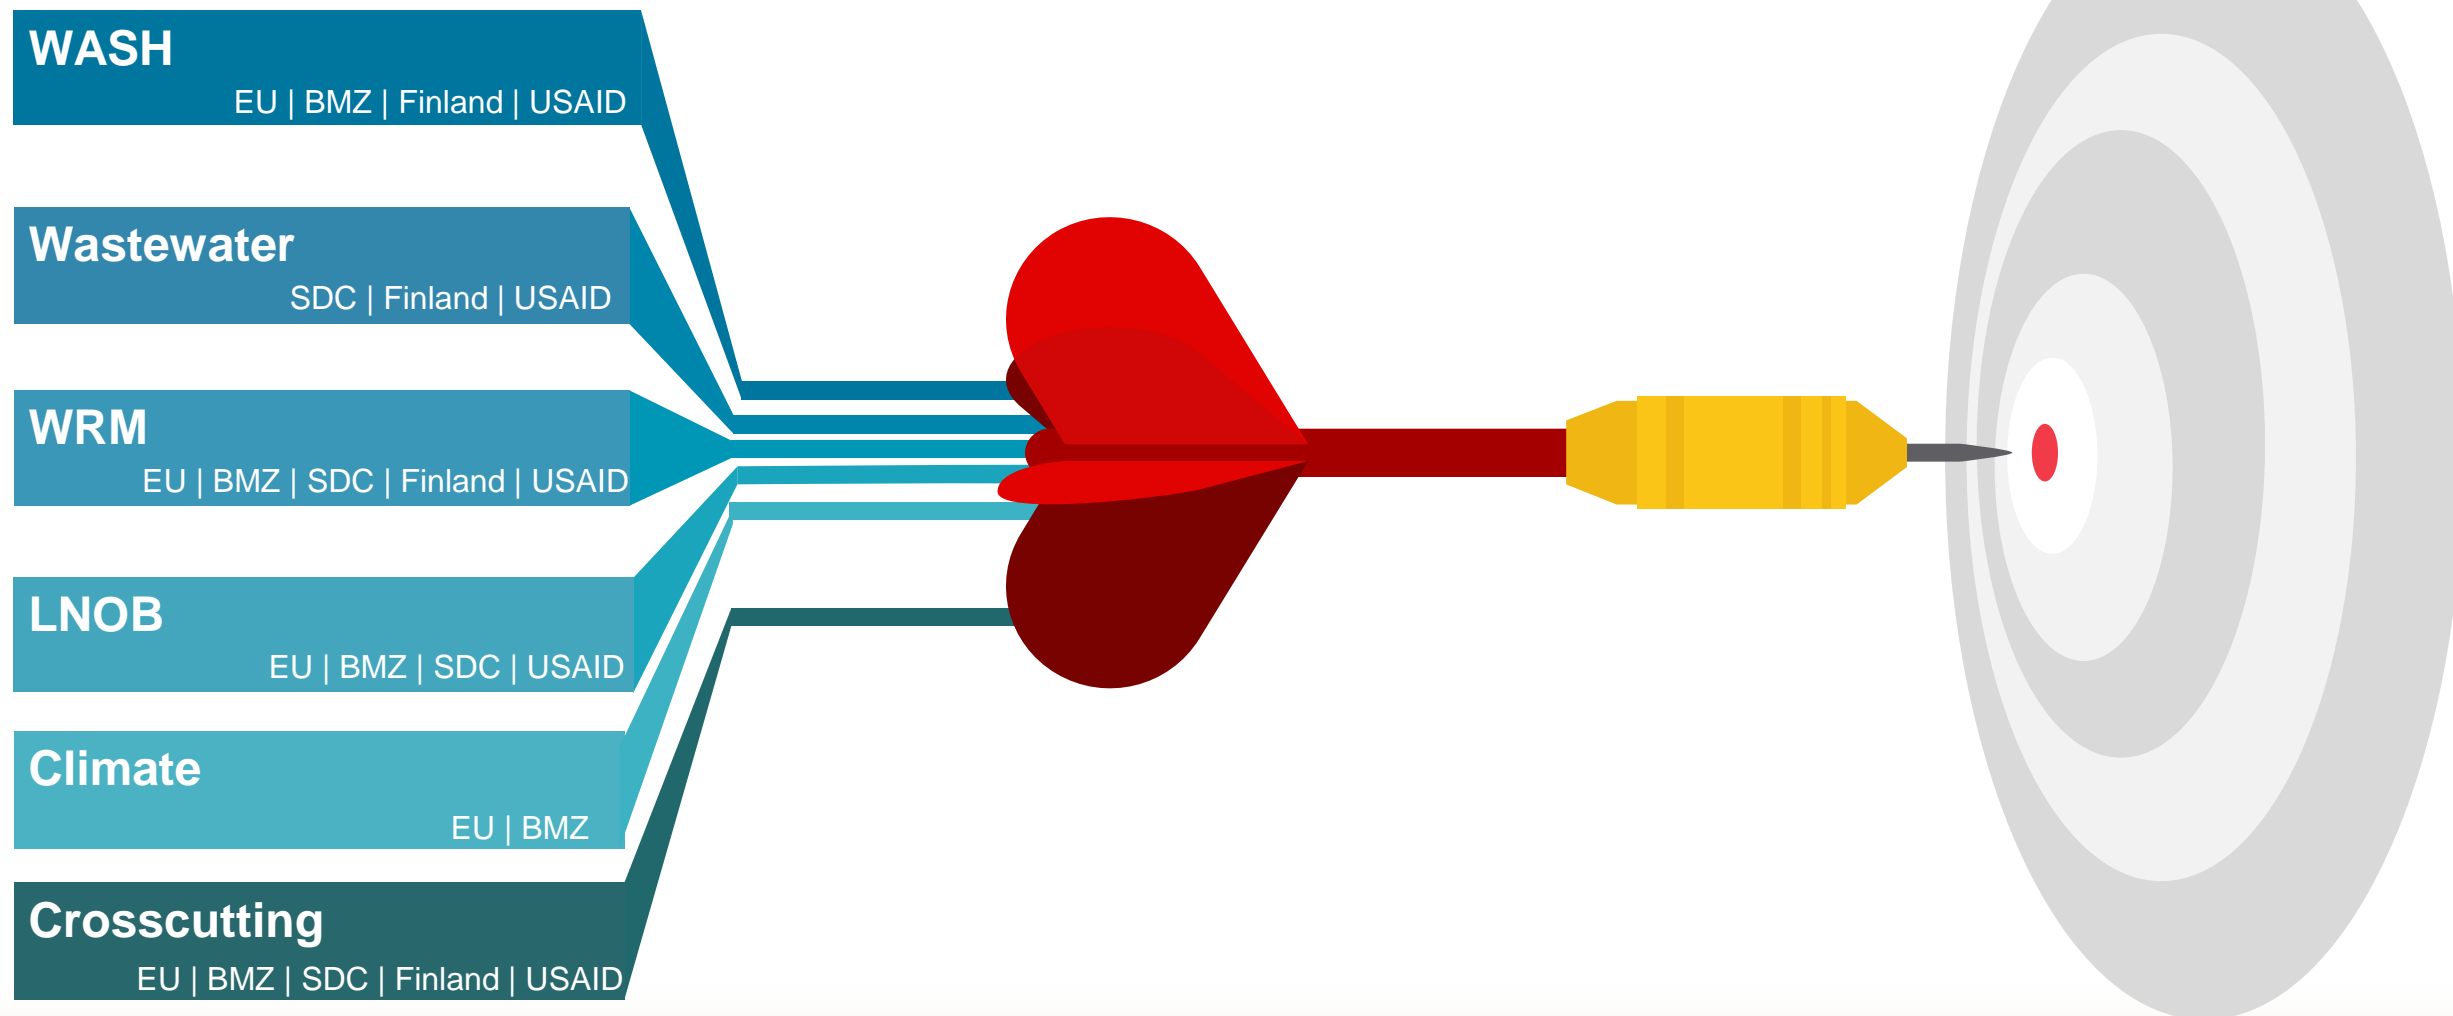

Overarching and concrete aims

Thematic adjustments to SDG 6

	WASH	Wastewater	WRM	LNOB	Climate	Cross cutting issues
	New Focus Hygiene Clarification of SDG monitoring vs. Human Rights standards		Bigger focus	Commitment	New focal area	Migration new focal area
	Institutional WASH, Humanitarian WASH	Innovation and technology emphasis. Recycling and circular economy solutions.	Previous strategy from 2009 was heavy on WRM, new strategy is more balanced			Cross cutting issues comprehensively included from all signatory Ministries.
	Focus on water quality and pollution	Focus on gender and youth		SDC therefore focus on gender and youth		Sustainable financing – new concepts and models Technological solutions for data
	Frame it under the 2030 Agenda and the SDGs and the New European Consensus on Development		Reconfirmed focus on IWRM and strong focus on Transboundary Cooperation	Commitment	Link made more explicit	Financing: Private Sector and the EU External Investment Plan Focus on the link between water, peace and security.
	Continue focus on safe drinking water. Elevating safe sanitation and hygiene as a strategic focus area	Increased focus on the need for improved management of fecal waste	Elevating WRM as a strategic focus in relation to protecting drinking water supplies	Focus on Gender Focus on poor and most vulnerable		Strengthen water governance and intuitions Mobilizing public and private financing for WASH

Management of interlinkages between sectors

Instruments and Strategies

EU

EU holistic strategy

BMZ

BMZ six intersectoral strategies

SDC

Integration Water and Agriculture cluster

Finland

Water, energy and food nexus

USAID

In addition to key thematic areas USAID's plan ties to complementary

Interlinkages

EU | BMZ | SDC | Finland | USAID

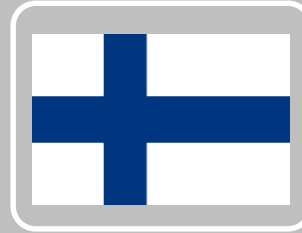

TOP 2 Innovative highlights

1. Include additional strategies on interlinkages with other sectors

1. Focus on 5 P (People, Planet, Prosperity, Peace, Partnership – in line with EU Development Consensus)

1. Emphasis on role of innovation and technology
2. Water as preventive Peace mediation

1. Specific Programmes on Gender Equality & Young People
2. Blue Peace

1. Innovative finance to move away from donor assistance towards self-reliance
2. Sustainability & Systems Approach

Thank you very much for your attention!

FINNISH WATER WAY

An aerial photograph of a Finnish waterway, showing a series of interconnected lakes and islands. The islands are densely covered with green forest, and the water is a deep blue. The perspective is from a high angle, looking down on the landscape.
