# Successful Acceleration Support

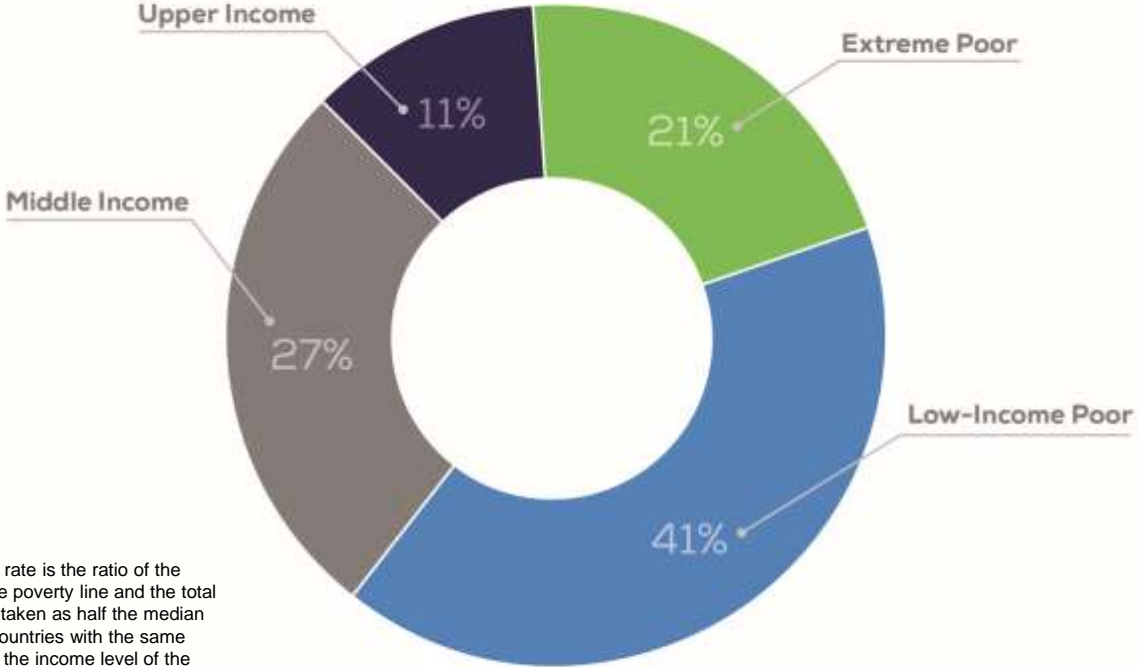

# Program Targets and Actual Impact (End Users)

MEDIAN NUMBER OF END USERS IMPACTED, BY LOCALITY per \$1,000 of SWFF funding (2014-2018)

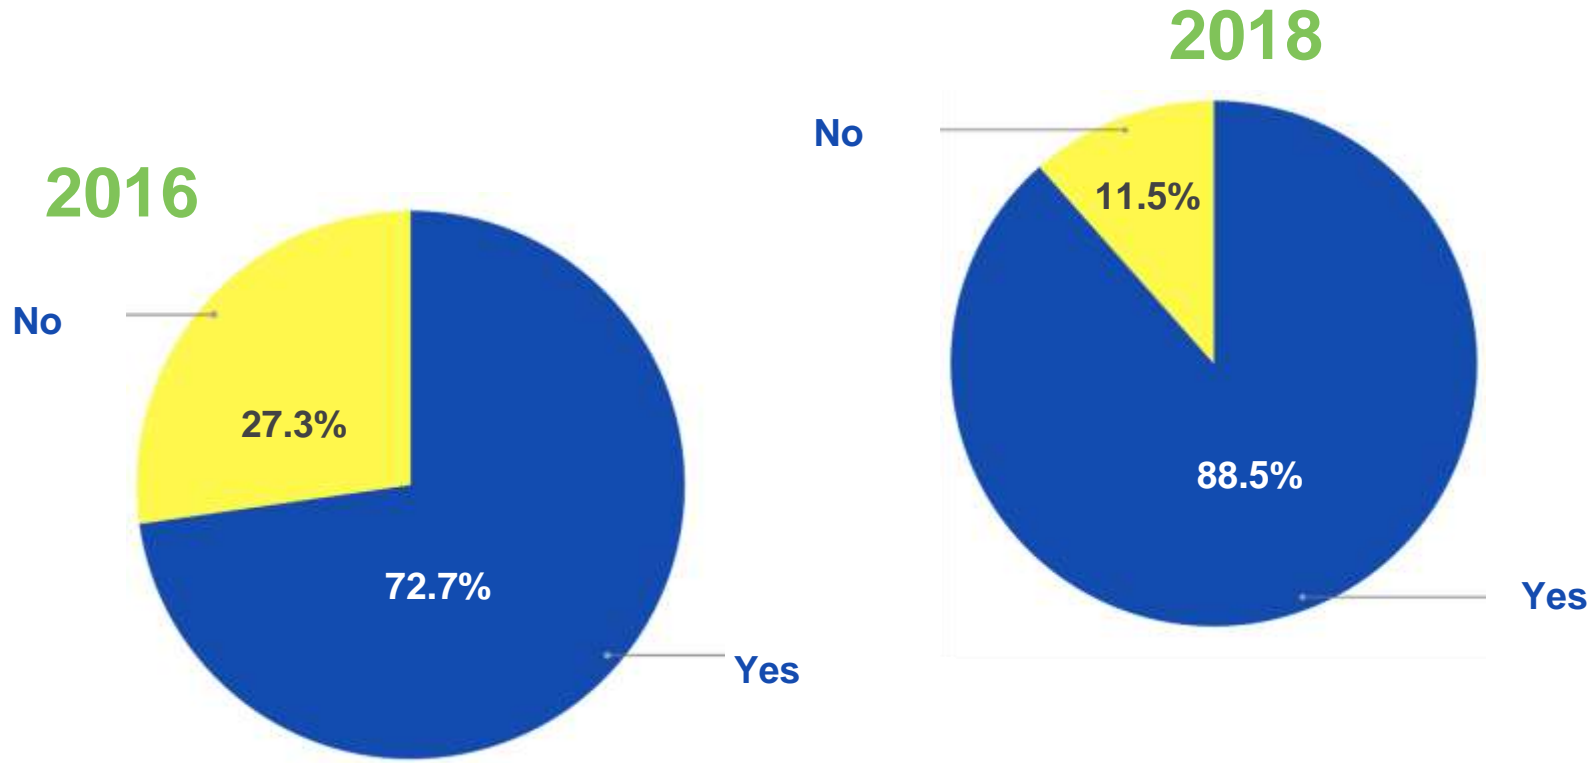

# Poverty\*\* Levels of SWFF End Users

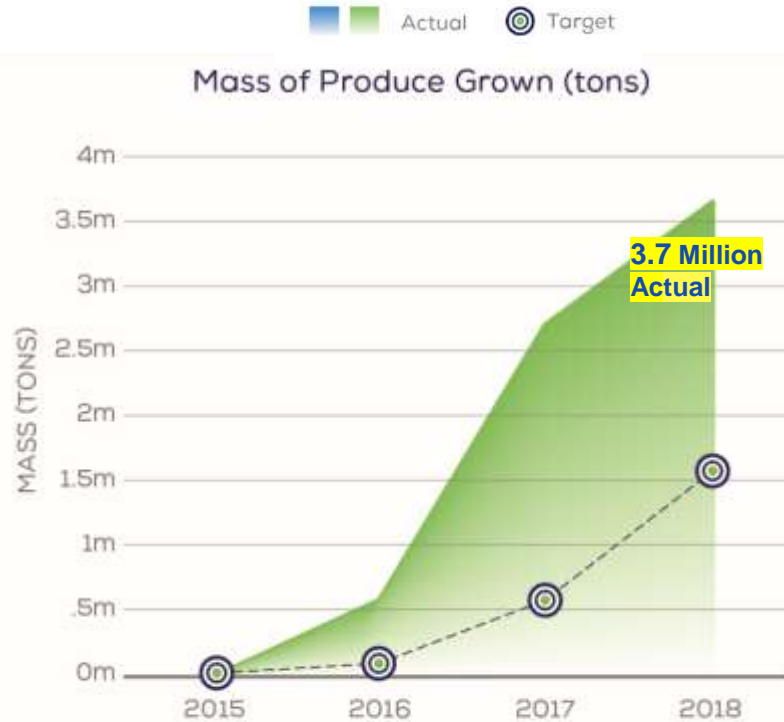

\*\*As defined by OECD, the poverty rate is the ratio of the number of people who fall below the poverty line and the total Population; the poverty line is here taken as half the median household income. However, two countries with the same poverty rates may differ in terms of the income level of the poor.
