

Seminar 4: Ecosystem based water management: From innovation to practice

Thursday 30 August 2018

Much learning has been generated in recent years about ecosystem based water management, but is it reaching the right audiences at a meaningful scale?

Are we making sufficient use of indigenous knowledge, new technological innovations, and policy frameworks?

If not, what is hindering uptake?

Please join us as we explore these questions and discuss best practices.

Session 1: 9.00 – 10.30am
Practice for delivering sustainable outcomes
(**FH Congress Hall A**)

Session 2: 11.00 – 12.30pm
From Innovation to Practice
(**FH 202**)

Session 3: 2.00 – 3.30pm
From Policy to Practice
(**FH 202**)
