

IS THERE SUCH A THING AS INNOVATIVE FINANCING FOR ECOSYSTEM MANAGEMENT?

What enabling conditions promote the development of markets and innovative financial mechanisms? What kind of innovations have been tested? How can these be brought to scale?

Session 2: Around the world: case studies of innovative financial mechanisms for ecosystems management

WORLD CAFE

1. Todd Gartner, World Resources Institute: *Forest resilience bonds in California*
2. Monica Altamirano, Deltares: *Financial sustainability of watershed conservation schemes: Lessons from LAC*
3. Peter Vos, Global Green Growth Institute: *Financing water for conservation of ecosystem services*
4. Oswald Chanda and Mecuria Assefaw, African Development Bank: *How to upscale financing for ecosystem management in Africa*

IS THERE SUCH A THING AS INNOVATIVE FINANCING FOR ECOSYSTEM MANAGEMENT?

Thank you!
