The data revolution, in 2020

Thomas Bjelkeman-Pettersson

CTO, Akvo Foundation

“The future is already here – it’s just not very evenly distributed”

Fresh Air 1993, William Gibson

What do we know?

Everyone

Everything

Everywhere

Cloud

Centralisation

“Oversight”

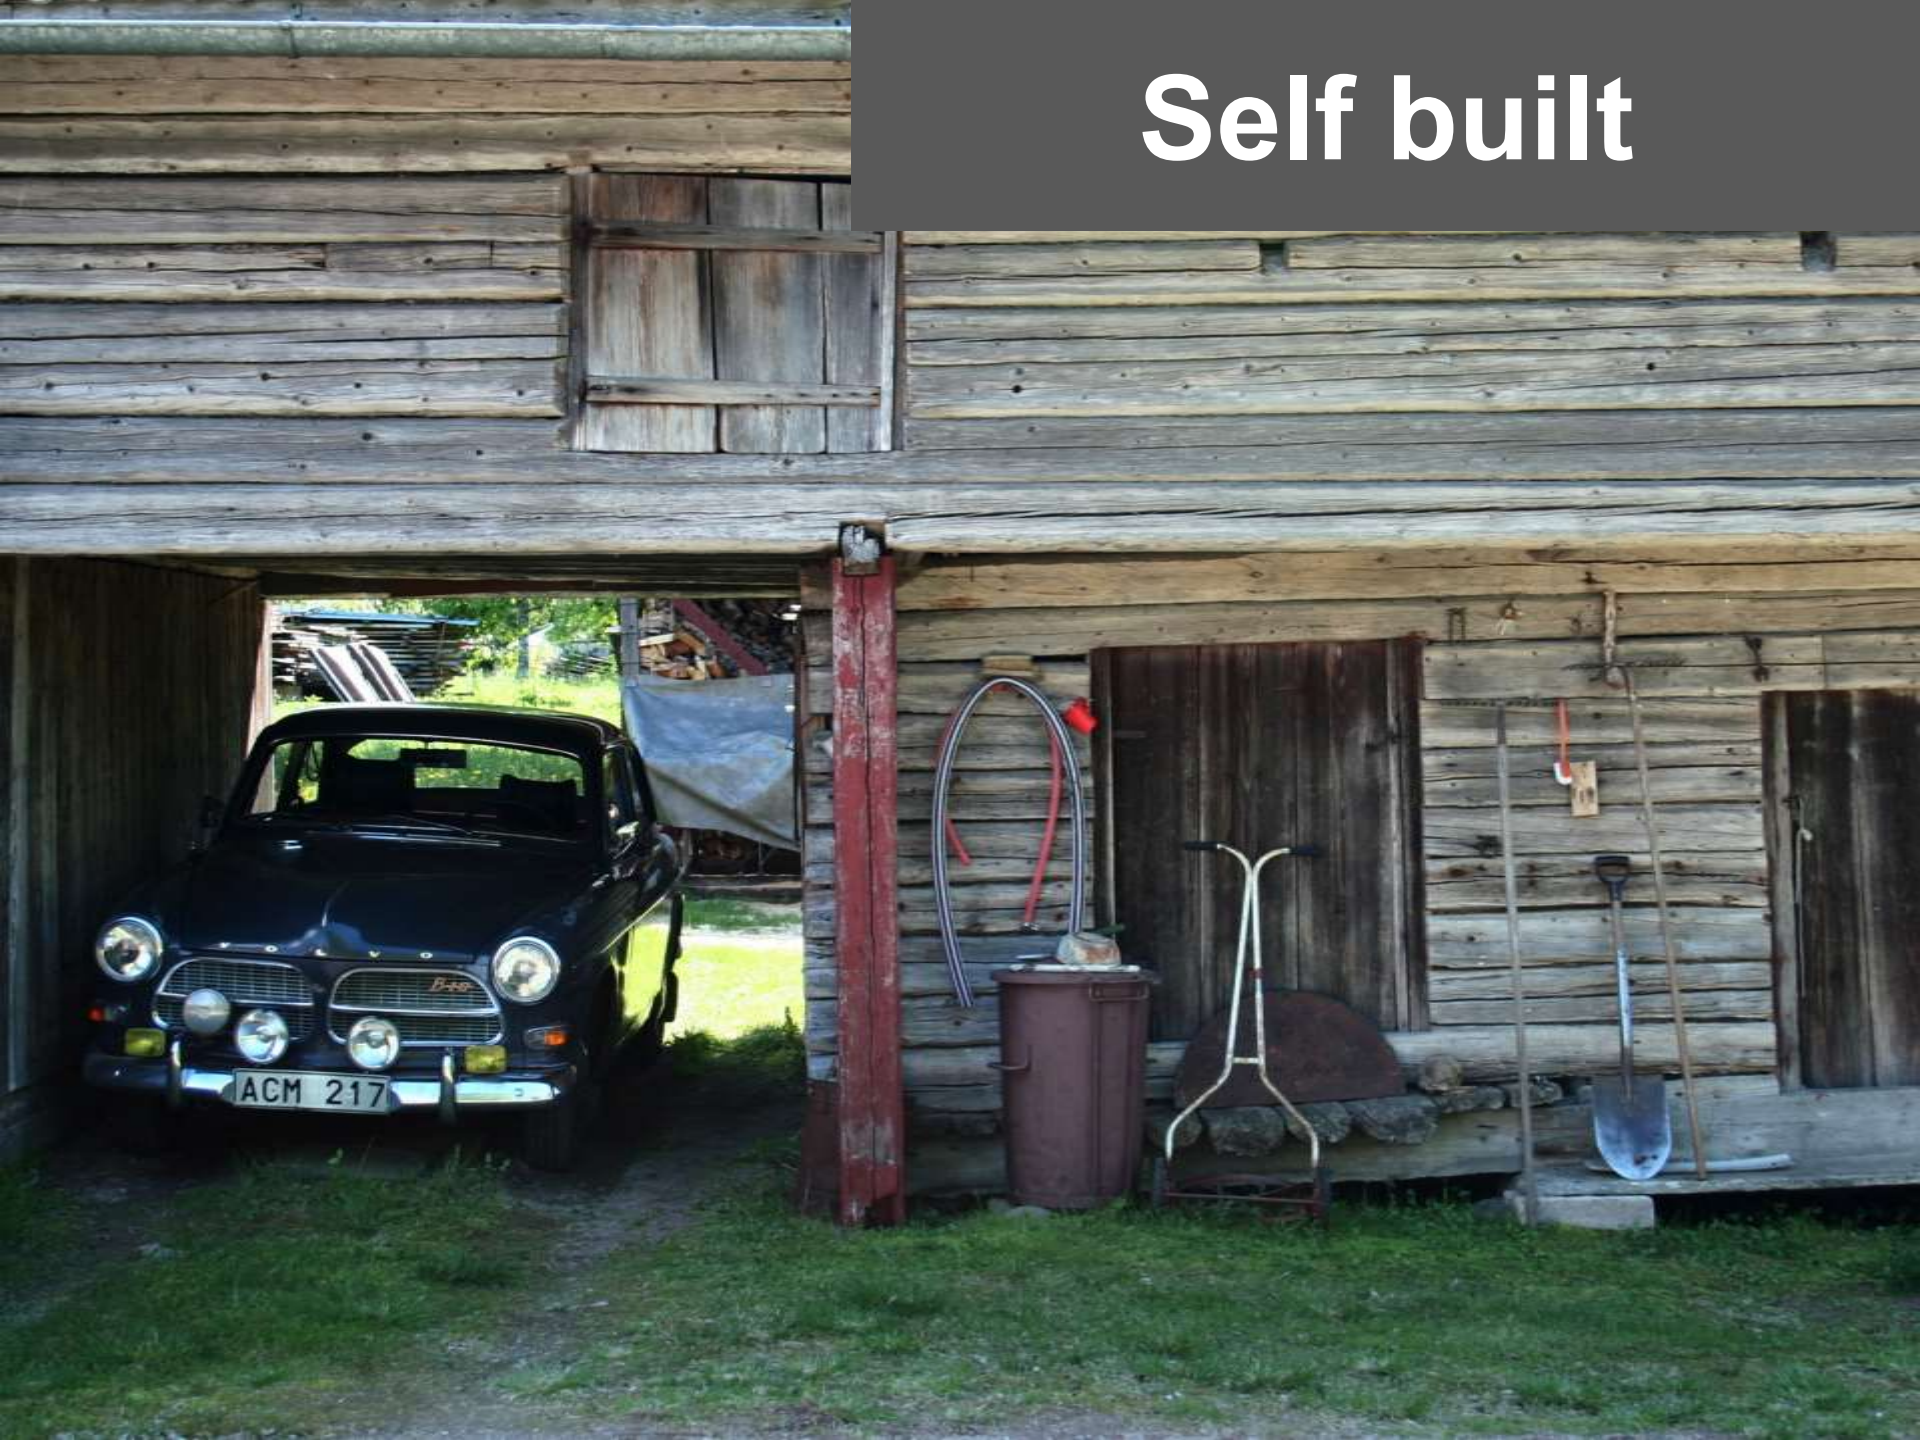

Protect

Bad paths

Self built

Bad things

No sharing

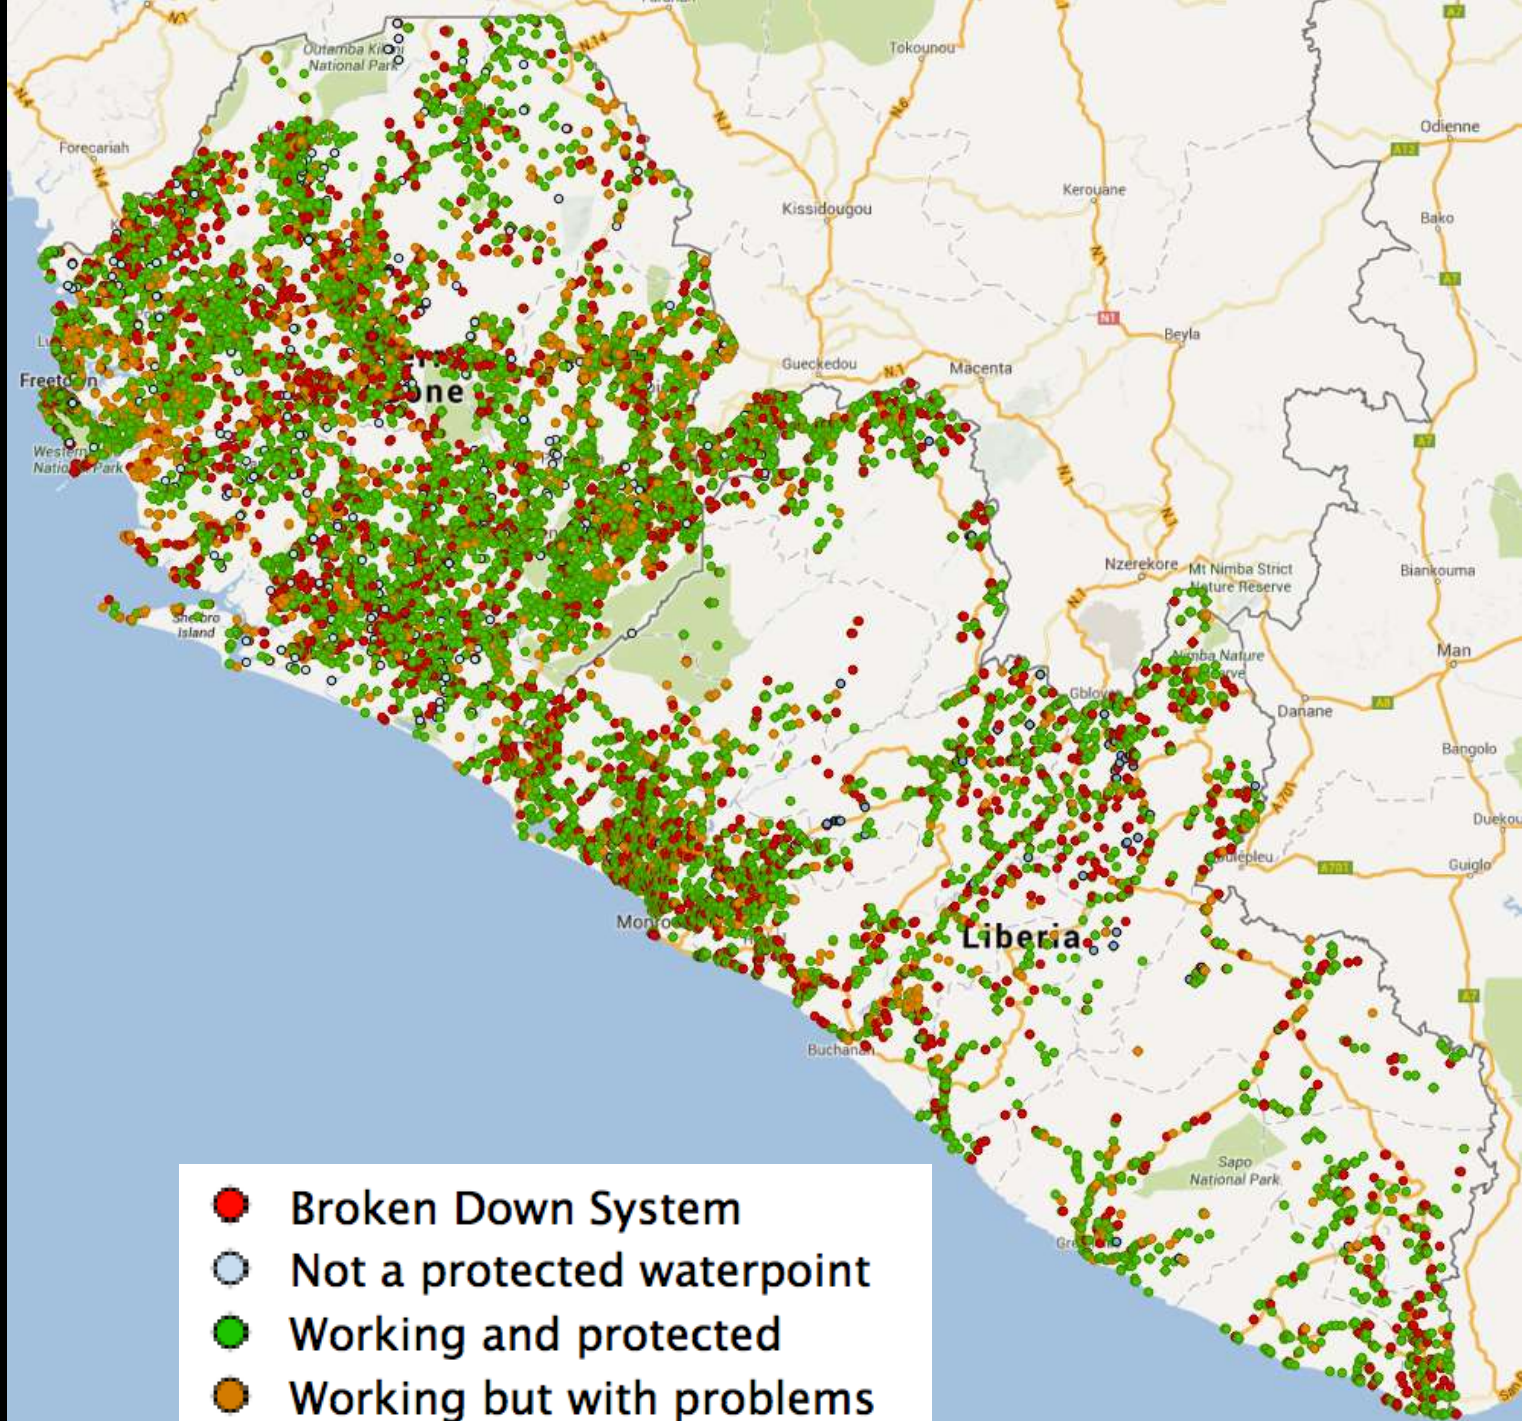

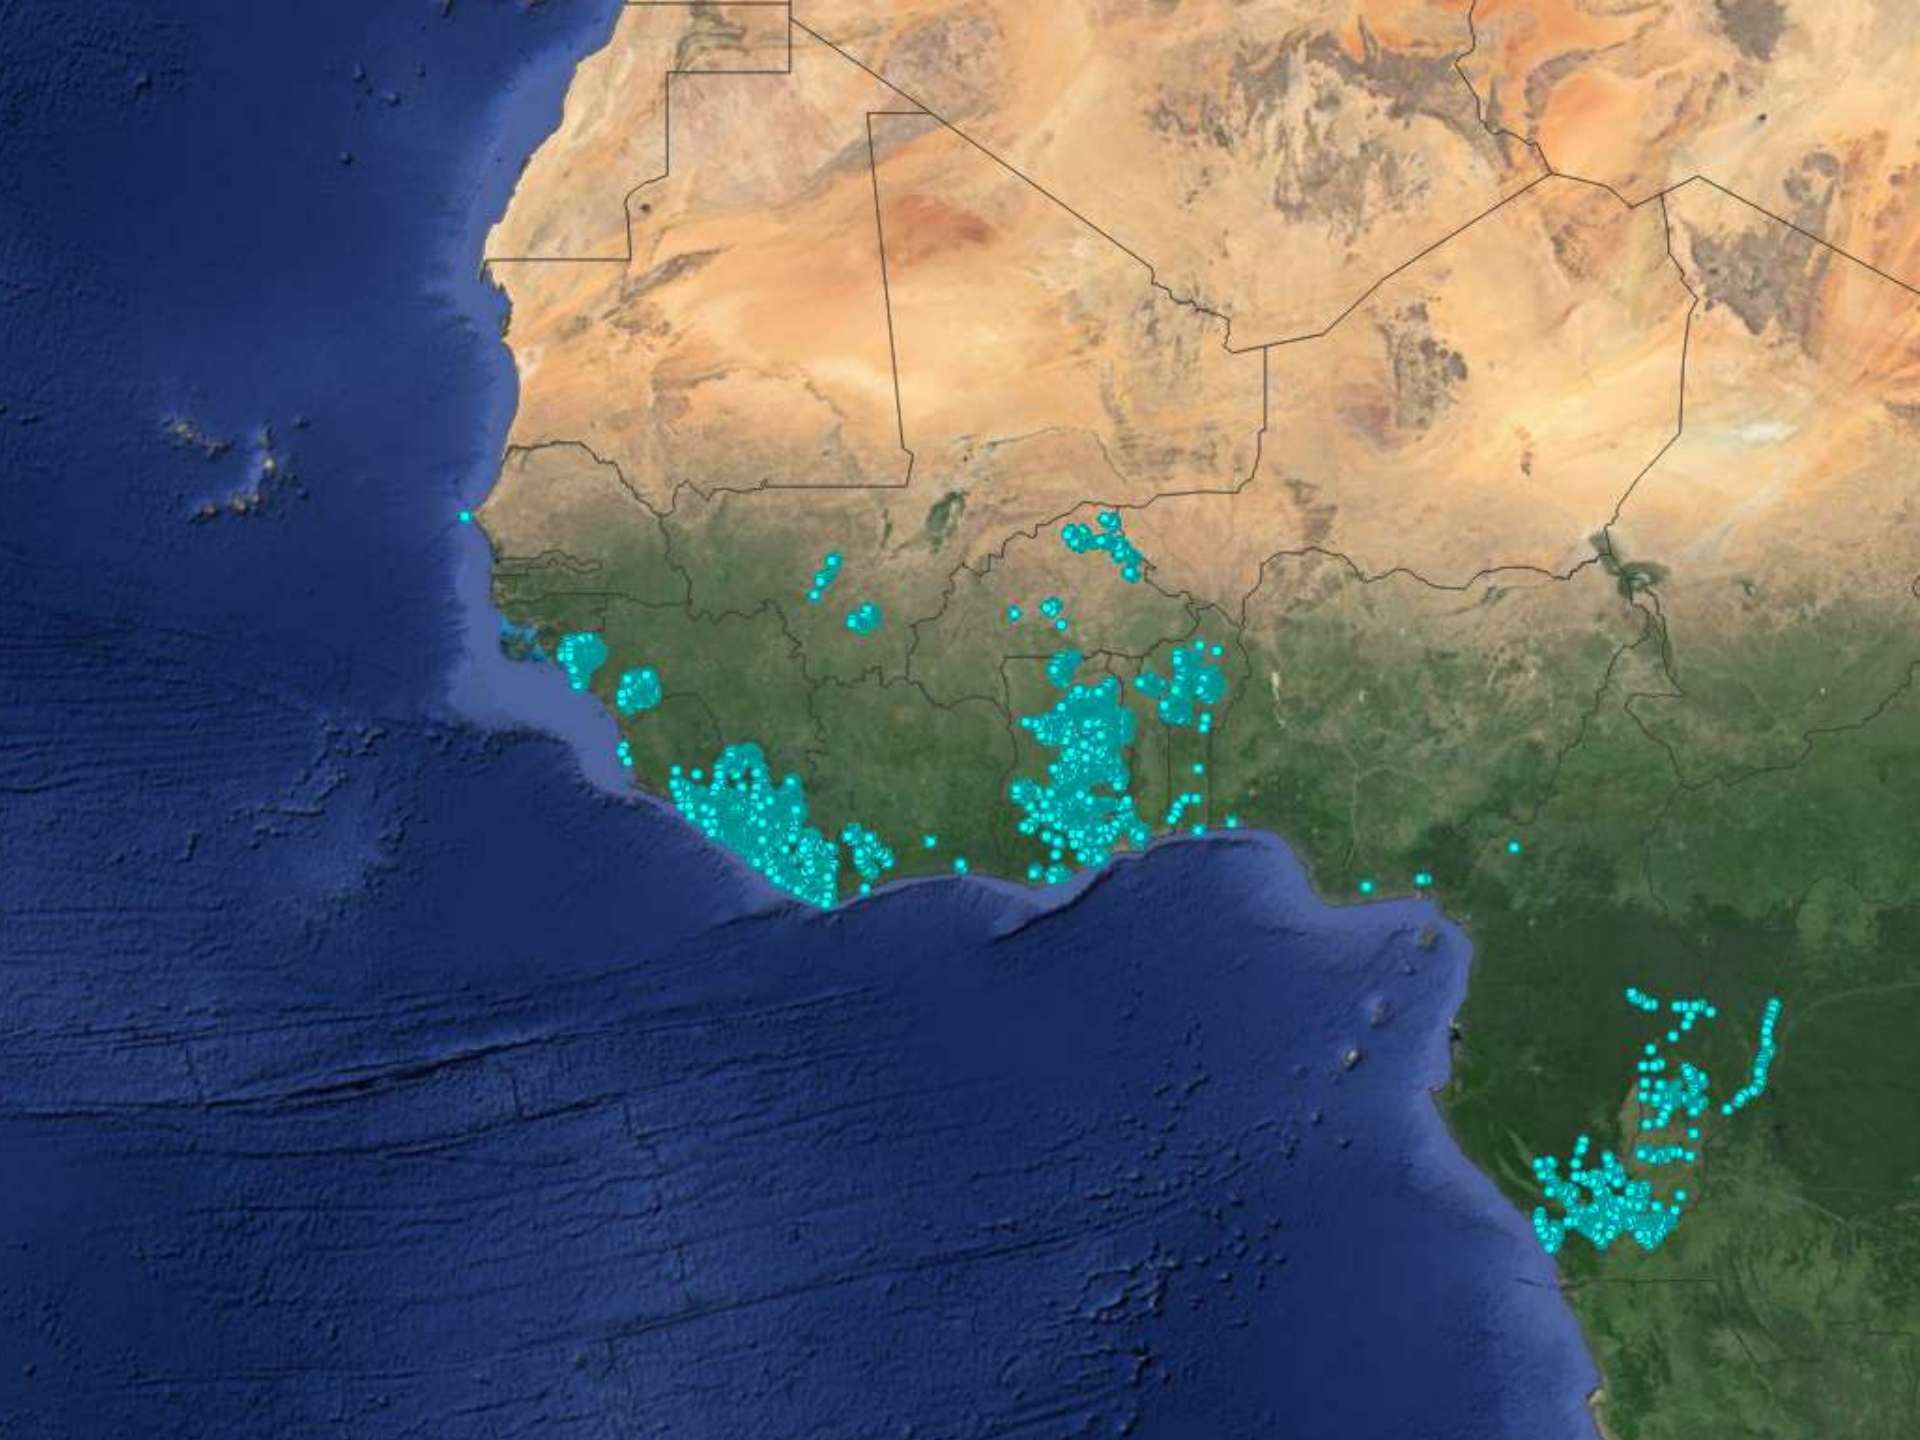

Good things

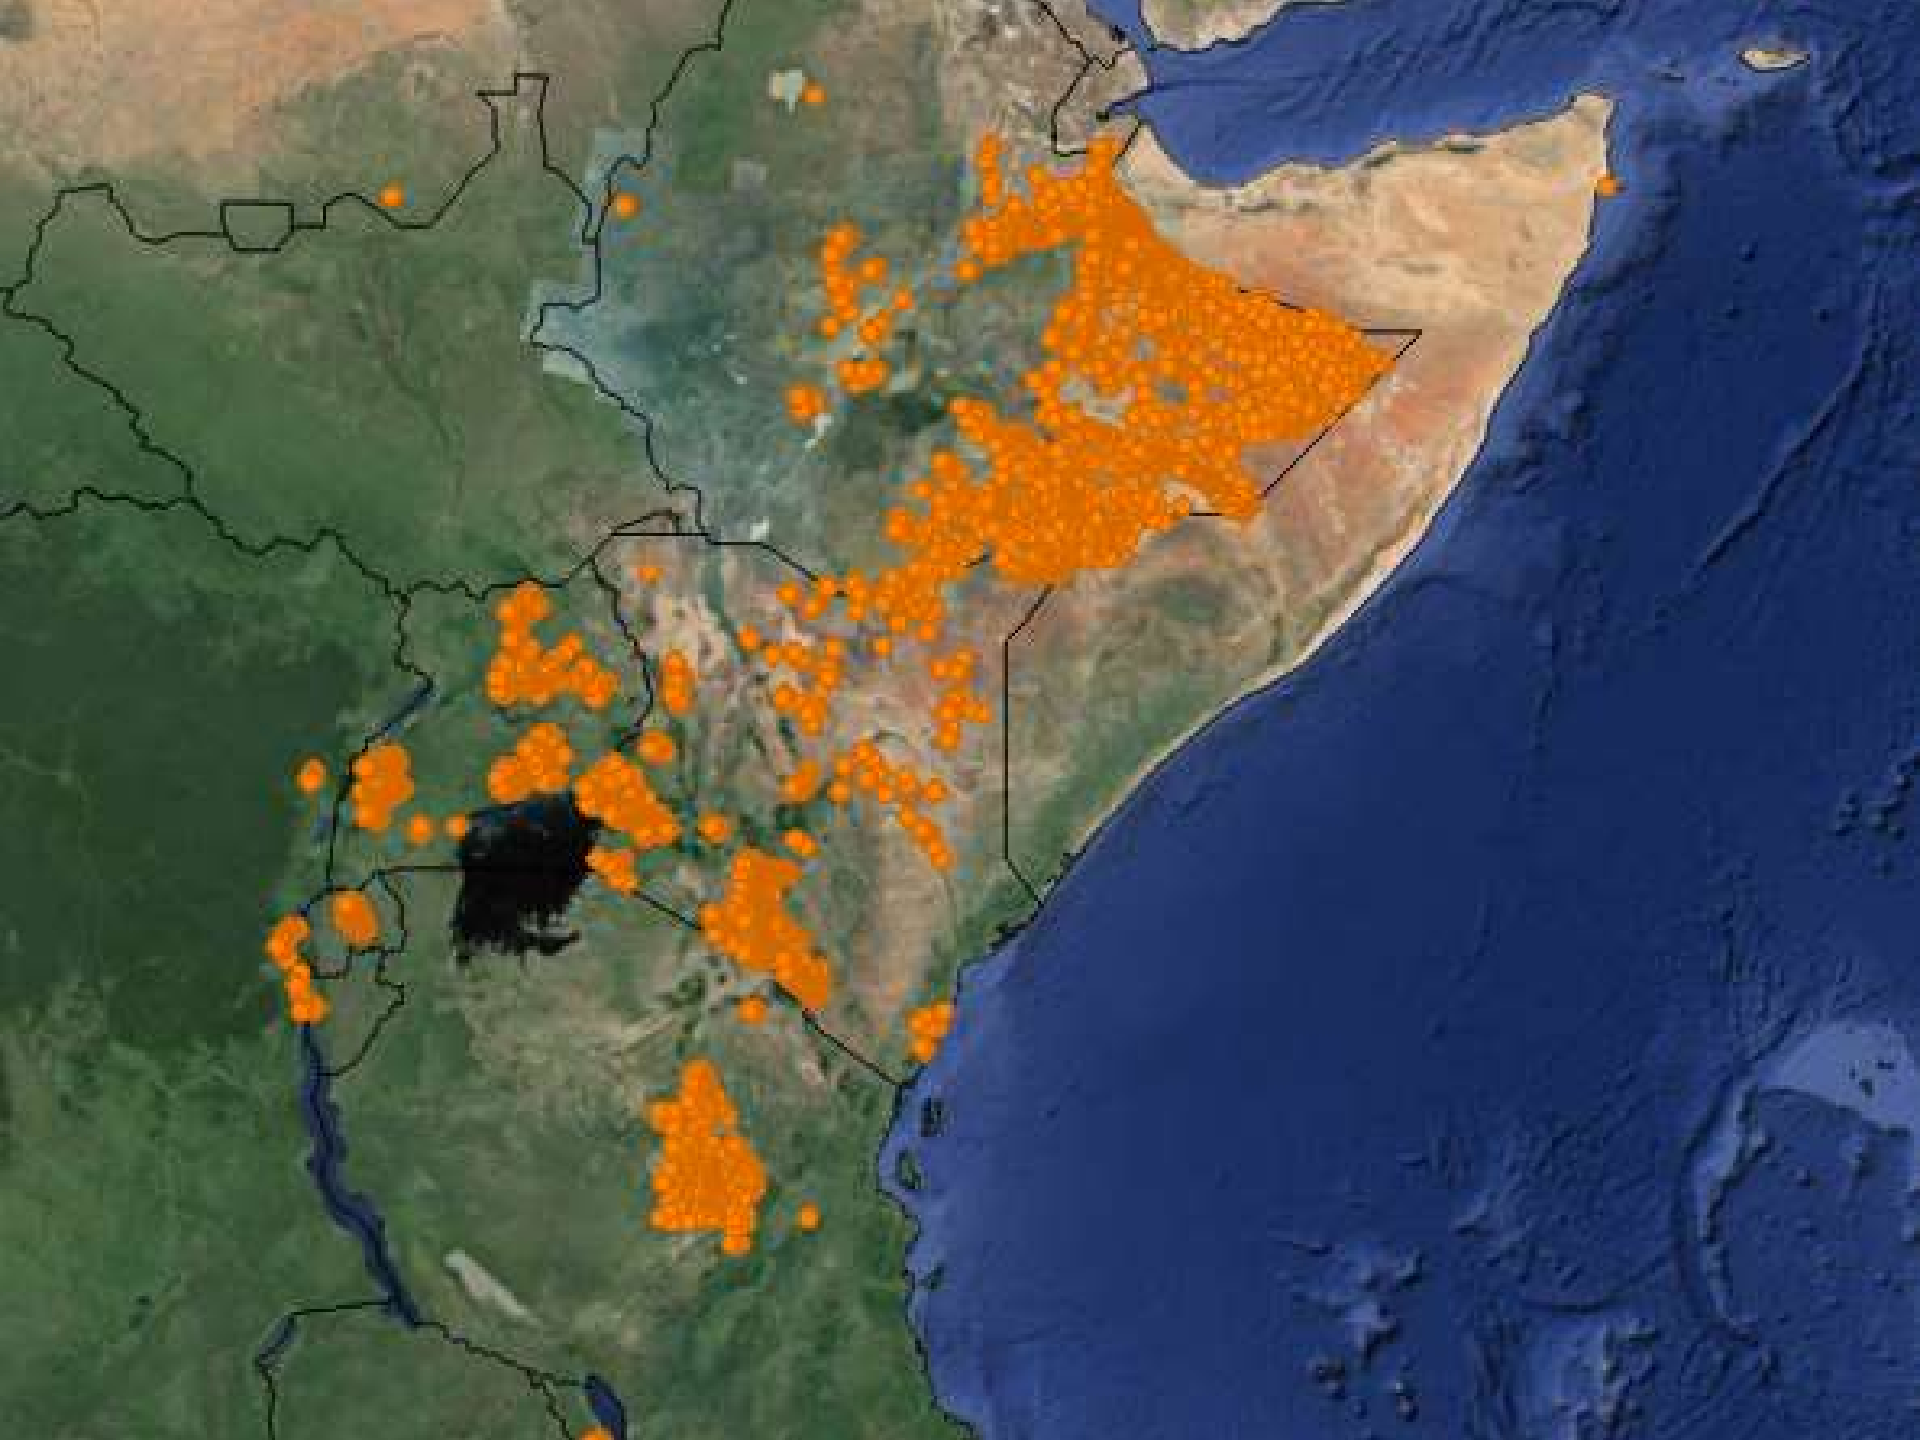

Liberia and Sierra Leone

Everyone & everything
will be connected,
through cloud computing.

The centralization and
“oversight” means that
you have to protect your data.

Don't throw out the baby
with the bathwater.

Sharing.

Share software.
Share data.
Share knowledge.
