**Modern Problems: Traditional Solutions  
Climate Change/ Water & Food Security**

**FLOW: AN EXPERIENCE OF TBS**

**By:  
Rajendra Singh, TBS**

**1985**

Degraded and barren land  
in the catchment areas of Arvari river  
& extended drought  
had forced people to migrate  
out of their villages.

**tarun bharat sangh**

# WATER harvesting structures taking shape

Johads and dams are usually built on small tributaries uphill and they directly benefit the forests on the hill.

Ideas into reality.....

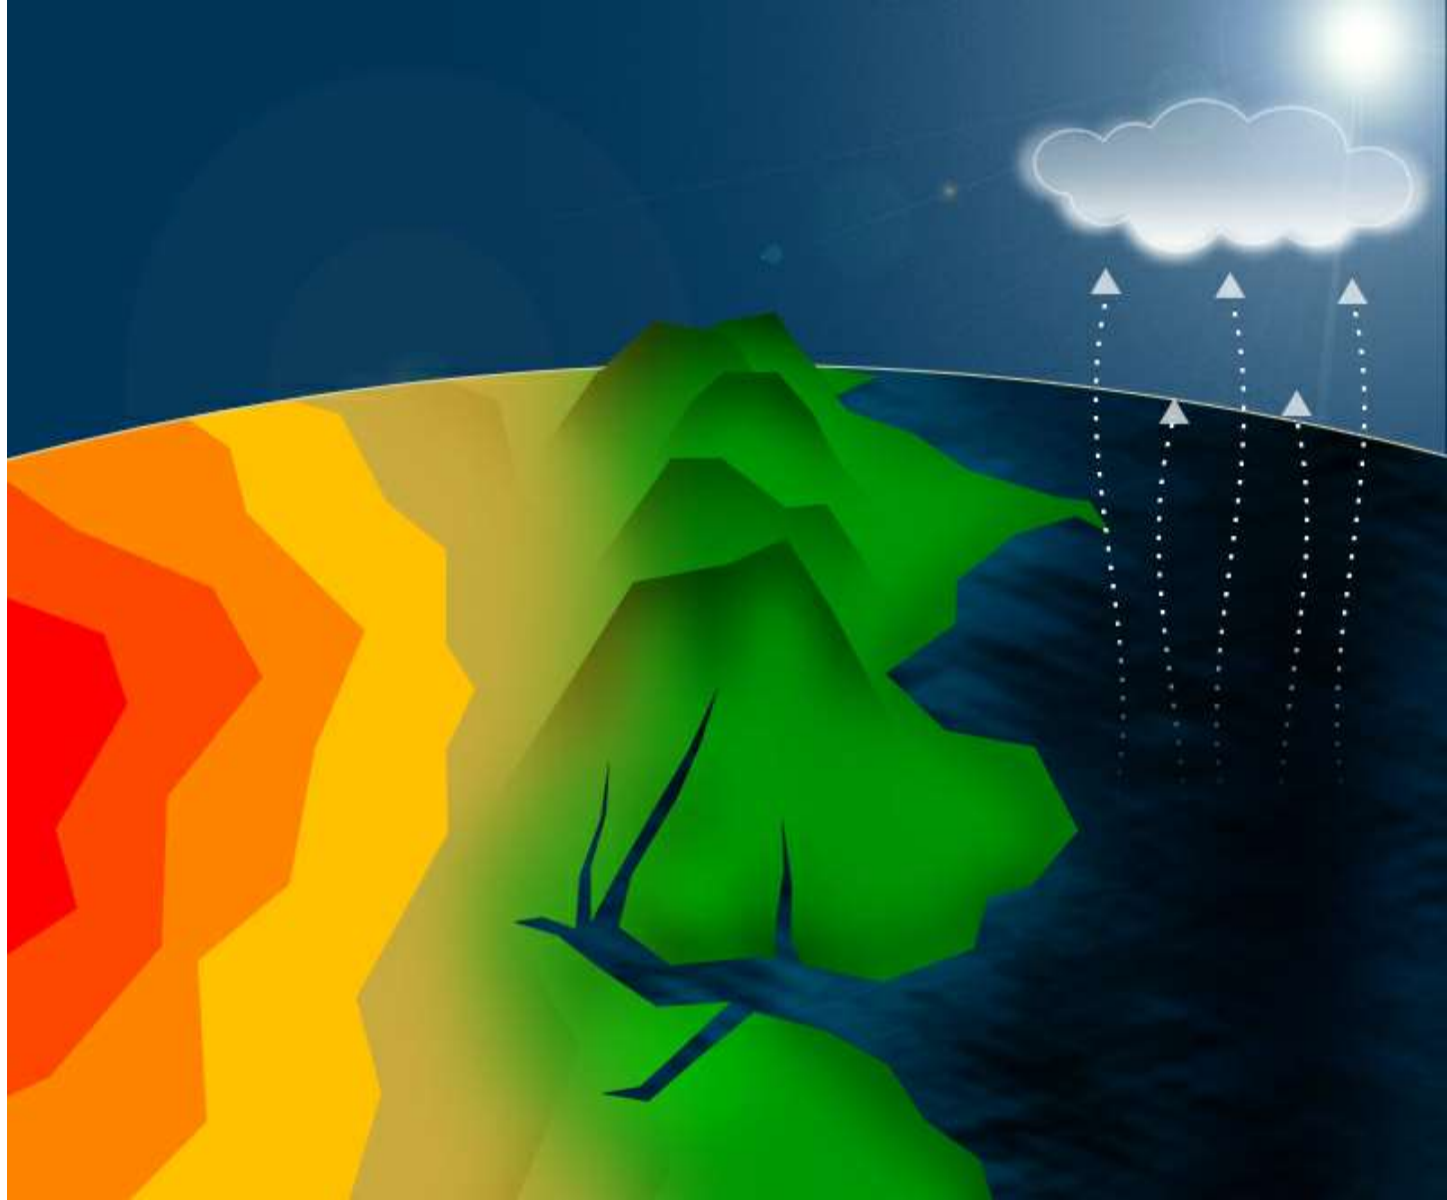

*Increased water-level in a well*

The river in 1985

The river in 2000
